

# SLAA Online Group Inventory 2023

Collation of anonymized individual members' answers, submitted February 2023, in chronological order

## Question #1:

What is one thing you like about the group and/or meeting?

-----

Here are my two cents. I think 99.99% of everything is fine just the way it is. The welcoming scripts for newcomers are fabulous. The atmosphere is warm and friendly and the warning about things like uninvited PM's and 13th stepping are spot on.

-----

That it's quiet, and not visually challenging.

-----

Friendliness, clarity, helpfulness, text-only, frequent meetings, step/tradition topic meetings, trusted service.

-----

## Question #2:

What is one thing would you like to see changed about the group and/or meeting?

-----

This is VERY trivial and feel free to ignore it, but phrases like "right on" are sort of dated and things like GFY (good for you) and WTG (way to go) are commonly used today. Basically just get the opening script updated language wise. Software seems to run just fine.

-----

I'd like to see increased attendance. I think more and more there is a backlash happening around zoom meetings and well will see an uptick in folks who are becoming disillusioned with it. I've noticed more folks in the 12 noon meeting in the past month.

-----

More recoverers finding us and staying. More scheduled step/tradition meetings.

-----
