

# SLAA Online Group Inventory 2025

Collation of anonymized individual members' answers, submitted February 2025, in chronological order

## Question #1:

**What is one thing you like about the group and/or meeting?**

-----  
I like the way the group is organized. With everyone listening and respecting who had the floor until they are done.

I also like the way the leaders treat us as equals and share their problems as well.

-----  
I like that trying responses requires thoughtful sharing and there are not many distractions.

-----  
Caring, respectful, regular and available recovery fellowship.

## Question #2:

**What is one thing would you like to see changed about the group and/or meeting?**

-----  
I wish there were more times available in case I am unavailable to make my usual 12:00 pm EST meeting.

-----  
I don't like long pauses, 5 minutes or more. Seems like a waste of time if people are not open to sharing. I find the commands of using the online site confusing to be of service as an OP. Would like something easier.

-----  
More trusted service. More Ops. Better Op coverage of 4:30 pm ET meetings.
